

CAMERA-READY PAPER SUBMISSION PROCESS OVERVIEW

Please follow the steps below carefully to ensure your camera-ready paper is successfully included in the IEEE Xplore® Digital Library.

STEP 1: CAMERA-READY PAPER PREPARATION

- ✓ Adhere to the IEEE two-column A4-size standard conference format for preparing your final manuscript. For further information, see the IEEE Templates page: <https://www.ieee.org/conferences/publishing/templates.html>
- ✓ Modify your paper in light of reviewers' feedback and recommendations (if any). Comments from reviewers can be found in the Microsoft paper management system at: <https://cmt3.research.microsoft.com/ICPCCT2027/>. Make sure that every comment from reviewers and meta-reviewers has been taken into consideration.
- ✓ The maximum page limit is six (6) A4-size pages (maximum size 3 MB), including references. No author biography is allowed at the end.
- ✓ Before submitting the camera-ready article, please ensure that the plagiarism percentage in your text is less than 18% to confirm inclusion in IEEE Xplore. Papers that contain more than 18% plagiarism will not be sent for publication. There must be zero AI generated content.
- ✓ Copyright Notice Placement: Replace the dummy code in the template with the official IEEE copyright code provided by the organizers. This code must appear at the bottom left of the first page of your paper. Copyright details are included below for your reference:
 - For papers in which all authors are employed by the US government: U.S. Government work not protected by U.S. copyright
 - For papers in which all authors are employed by a Crown government (UK, Canada, and Australia): 979-8-3195-2918-3/27/\$31.00 ©2027 Crown
 - For papers in which all authors are employed by the European Union: 979-8-3195-2918-3/27/\$31.00 ©2027 European Union

- For all other papers: 979-8-3195-2918-3/27/\$31.00 ©2027 IEEE

STEP 2: FINAL PAPER CHECK USING IEEE PDF EXPRESS

Once the author(s) complete the revision of the manuscript based on reviewers' comments, the manuscript must be checked using IEEE PDF eXpress.

- ✓ Log in to the IEEE PDF eXpress website: <https://ieee-pdf-express.org/account/Login>
- ✓ First-time users should do the following:
 - I. Click on "Create Account"
 - II. Register yourself by entering the following: ICPC2T Conference ID (**72973#**), your email address, and a password.
- ✓ Existing users must use **72973#** for the Conference ID while logging in to IEEE PDF eXpress.

STEP 3: FINAL PAPER SUBMISSION IN MICROSOFT CMT

- ✓ Before submission of the final camera-ready version of the paper generated using IEEE PDF eXpress, please change the file name to PID-XXXX. For example:
 - "PID-0017" (where 17 is your paper ID in CMT).
 - "PID-0145" (where 145 is your paper ID in CMT).
 - "PID-1022" (where 1022 is your paper ID in CMT).
- ✓ Submit the camera-ready paper in the Microsoft Paper Management System at: <https://cmt3.research.microsoft.com/ICPCCT2027/>.
- ✓ When submitting the final manuscript, the paper title, the author's name, and the author's order should not be altered. The document must be submitted in .pdf format without password protection or encryption.

STEP 4: IEEE COPYRIGHT FORM SUBMISSION

Once the final camera-ready paper (which must have passed the PDF Check in IEEE PDF eXpress) is uploaded, complete the IEEE copyright form submission.

- ✓ Log in to your CMT Submission Portal.
- ✓ Click on "Submit IEEE Copyright Form".
- ✓ You'll be redirected to the IEEE Copyright Website to submit the IEEE Copyright Form.
- ✓ Upon completion, download the completed IEEE Copyright Form (the corresponding author will also receive the copyright form via email). When you are finished submitting this form, you will be redirected back to the Author Console.
- ✓ Upload it back to your CMT account under the corresponding paper.
- ✓ All authors' names must be in the same order as the manuscript in copyright form. Additionally, all authors' first, middle, and last names in copyright form must match the manuscript.
- ✓ More details can be found at: <https://cmt3.research.microsoft.com/docs/help/author/camera-ready-submission.html#ieee-copyright>

STEP 5: CONFERENCE REGISTRATION

- ✓ Conference registration is mandatory for the paper to be included for IEEE Xplore. At least one author must register and present the paper (hybrid mode).
- ✓ The registration portal will be available soon. Check the website for updates: <https://icpc2t.nitr.ac.in/registration>
